“We’re looking for a few great people”

Raft Guides (With experience and without. We will train you.)

Kayakers (Preferably with experience)

Video and photo kayakers (Experience a must and also have personal camera or cameras.)

Computer Tech (Programming ability and data entry.)

Photographer (Willing to hike or bike to the river and take great photos. Would like someone with art background.)

Bike Enthusiast (Person who rides and can work on bikes as well as run biking facility.)

Operations Staff (General tasks around base camp, guest check in, phones, excellent with people.)

Really we want a staff that is layered and can do all these things and guide a raft down the river. We are a small company that takes pride in being appropriately sized to create a quality river trip. Our staff does all these things and more and we’re looking for more great people. A summer on the river is a great job and it is one that creates lasting opportunities and memories. If you think this may be for you and you are outgoing, hardworking, athletic, and like the outdoors then contact us.

Training as a raft guide depends on you. The more fortitude you approach it with the quicker you will become a guide. We work long days, and work hard. Team work is a must with this job. It is not right for everyone, but it is really incredible to work on the river. The main thing to keep in mind is making sure our guests are having a great time.

Just so you know, we are not looking for a lot of employees just really good ones. At our facility, company housing is available, along with pay for work and usually one meal a day, lunch. We will look over your form and get back with you as soon as possible.

Thank you for taking the time to fill out our application.
